Art Unit: 1714

The amendment received 3 January 2006 has been made of record. Claims 1-32 are pending.

Claims 1-16, 19-24 and 29-32 are rejected under 35 U.S.C. 102(e) as being anticipated by Webster et al.

Claims 17, 18, 25 and 28 are rejected under 35 U.S.C. 103(a) as being unpatentable over Webster et al.

Each of these rejections is maintained for reasons of record. Applicants' arguments in traverse focus on the allegation that the composites of the reference are not homogeneous. The reference, however, makes clear at example 7 that homogeneous composites produced by mixing dissolved polymer with alumina are contemplated.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
